**Dave Pelzer Presents**

Dave has experienced a truly extraordinary life. He nearly died several times by the hands of his mentally disturbed alcoholic mother. Years later it was determined that Dave's case was identified as one of the most gruesome and extreme cases of child abuse in California's then history. At age 12 Dave was finally rescued and placed in a series of foster homes until he enlisted in the U.S. Air Force at age 18. Even with all that was against him, Dave was determined to better himself - no matter what the odds.

Dave is the author of seven inspirational books. His latest book, Moving Forward assists people to move beyond life's trials and realize their potential is limitless. A Child Called It has been on the New York Times Best Sellers List for over 6 years. As an author, Dave is the first to have to have four # 1 International Best Sellers.
